CAREER OBJECTIVE

With a decade-long hospitality legacy and a recent Full Stack Web Development certificate from UT, I excel in creating visually appealing, responsive websites. Proficient in HTML5, CSS3, JavaScript, React, and more, I'm eager to contribute to innovative companies and advance marginalized communities.

Having undergone a comprehensive six-month bootcamp, I've gained a profound understanding of the importance of an Agile work environment. Recognizing the value of my interpersonal skills and extensive experience, I am poised to contribute to creating an efficient team that thrives in dynamic, collaborative settings.
